SOUNDS OF THE 70'S

In this fast moving world, today, there are many different kinds of sounds. The sounds of people, animals, water, cars, airplanes, and many others. However, the sound most often heard in the United States is the Sound of Music.

This year we are going to use that sound — Music — for the theme of our book. Song titles will illustrate each subject of the book. Whether it's a class, an organization, or the administration — The Beat Goes on.

JUNIOR HIGH

"WE'VE ONLY JUST BEGUN"

We've only just begun — To live . . .
So many roads to choose.
We start out walkin',
And learn to run.
And yet we've just begun.
Sharin' horizons that are new to us;
Watchin' the signs along the way.
